

Come 'n play in our back yard

16 – 21st September 2008

3rd Regional Gathering of the NVC Community Australia Oceania Region

Candlebark Farm, Healesville, Victoria, Australia

Gather with us in Melbourne for the realisation of community and self through Compassionate Communication. Over six days and five nights we'll discover the depths of what's within us - learn, play and share as we celebrate the journey in a cosy bush setting with yummy organic food. We'll expand our selves as we build our sense of community and share our dream for a world of connection and peace.

There will be a concurrent youth program with Catherine Cadden and Jesse Weins so you can bring your 12 – 17 year olds for "A Walk on The Wild Side." See separate flyer. NB: Unaccompanied teens are also welcome.

Back yard: a yard behind a house; a back garden; somebody's immediate neighbourhood or home ground. It is about a spirit of place and an invitation to share.
